Further Delay In Opening of Lomita Blvd.

Supervisors Postpone Action on Improvement for Six Months

Filing of three new petitions of protest this week caused the board of supervisors to continue for another six months the hearing on the resolution to improve Lomita boulevard between the east city limits of Torrance and the westerly boundary of the Los Angeles shoeing addition at Wilmington-Redondo boulevard.

The petitions, filed on Wednesday of last week, were signed by the Harbor Building and Loan Association, 1211 Narbonne avenue, William Smith and Carrie E. Smith, James H. Smith, W. M. Schillmeyer, Steven Spoon, H. C. Vierhaus, Charles L. Morris, William E. Maher, Hans C. Andersen, Joseph L. Slate, Robert Howard, F. L. Johnson, E. H. Schaffie, George C. Cook and Emily V. Fountain.

Opposition to the improvement, which would widen Lomita 25 feet along the north side, or double its present width, has been voiced since the resolution of intention was adopted August 11, 1931. The improvement was started as acquisition and improvement district No. 122. This was abandoned July 20, 1931, and reordered by the resolution of August 11 as county districts No. 983 and 984 and county street opening districts Nos. 122 and 123.

At a hearing October 17, 1931, J. E. Rockhold, county surveyor, reported that petitions of protest representing 55.5 per cent of the area of the district had been filed against it. A total of 52.5 per cent of the names checked on the rolls, he reported, while three per cent of the signers also had affixed their names to other petitions asking that the improvement be expedited.

CHURCHES OF CHRIST, SCIENTIST
"Spirit" is the subject of the Lesson-Sermon on Sunday, February 5, in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text consists of Christ Jesus' words, "God is a Spirit; and they that worship him must worship him in spirit and in truth."
One of the Bible selections in the Lesson-Sermon tells of the Master's healing of an insane boy, and continues: "Then came the disciples to Jesus apart, and said, Why could not we cast him out? And Jesus said unto them, Because of your unbelief: for verily I say unto you, If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you. Howbeit this kind goeth not out but by prayer and fasting."
A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, says, "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfed love."

Postpone Date of Hearing On New Cemetery Matter

Quinn Requests Presence of Record Owner at Next Session

Hearing on the application of C. Vernon Snider to establish a cemetery a mile south of Harbor City in the Palos Verdes hills was continued until February 15 when the matter was called by the board of supervisors Monday.
Continuance was taken on motion of Supervisor John R. Quinn of the fourth district, who had requested that the record owner of the property be present at the hearing. The surveyor's office reported that the Burkhard Investment Company was the owner of record of the property.
Snider was present at the hearing and W. C. Kennedy, Harbor City attorney, representing the American States Water Company, prepared to discuss the project when Quinn stopped them.
L. J. Wright, Harbor City resident, objected to a continuance of the hearing, stating that it would work a hardship upon protestants to have to make a second trip to the Hall of Records. It was indicated that there would be determined opposition to the establishment of the cemetery.
Snider told the supervisors that it was not the intention to in any way block the extension of Western avenue, which would practically bisect the site for which the permit is sought. The site adjoins the west boundary line of the Los Angeles shoeing addition.
Supervisor Quinn insisted that he had requested that subpoenas be issued for the record owners when the matter was set for hearing early in January.
